

TWO YEAR LIMITED WARRANTY

(Valid in USA only)

HoMedics, Inc., guarantees this product free from defects in material and workmanship for a period of two years from the date of purchase, except as noted below.

This HoMedics product warranty does not cover damage caused by misuse or abuse; accident; the attachment of any unauthorized accessory; alteration to the product; or any other conditions whatsoever that are beyond the control of HoMedics. This warranty is effective only if the product is purchased and operated in the USA. A product that requires modification or adaptation to enable it to operate in any country other than the country for which it was designed, manufactured, approved and/or authorized, or repair of products damaged by these modifications is not covered under warranty. HoMedics shall not be responsible for any type of incidental, consequential or special damages. All implied warranties, including but not limited to those implied warranties of fitness and merchantability, are limited in the total duration of two years from the original purchase date.

To obtain warranty service on your HoMedics product, either hand deliver or mail the unit and your dated sales receipt (as proof of purchase), postpaid, along with check or money order in the amount of \$5.00 payable to HoMedics, Inc. to cover handling.

Upon receipt, HoMedics will repair or replace, as appropriate, your product and return it to you, postpaid. Warranty is solely through HoMedics Service Center. Service of this product by anyone other than HoMedics Service Center voids warranty.

This warranty provides you with specific legal rights. You may have additional rights which may vary from state to state. Because of individual state regulations, some of the above limitations and exclusions may not apply to you.

limited warranty

Spa-style care at your convenience.

Thank you for purchasing VibraSpa, HoMedics' luxury foot spa with heat. This, like all of HoMedics' products, is built with high-quality craftsmanship and comes backed by our two-year limited warranty. VibraSpa is guaranteed to provide you soothing massage relief for years to come.

HoMedics is dedicated to bringing you better health through innovation. However, you should never substitute this, or any other manufacturer's massager, for professional medical attention. Persistent ailments and symptoms could indicate a more serious condition.

VibraSpa Features

- Invigorating vibration to massage away stress and aches.
- Heat to maintain warm water temperature and relieve tired muscles.
- Deep penetrating infrared heat therapy warms and soothes the soles of your feet.
- Acupressure surface stimulates and massages the bottoms of your feet.
- Acupressure rollers relieve tightness and tiredness along your entire sole.

A relaxing foot massage is the perfect end to a stressful day. Soak away the day's worries in a warm or cool bath. You'll feel invigorated and refreshed all over your body.

Indulge your feet, reduce daily stress.

Thank you for purchasing Bubble Spa Ultra, HoMedics' luxury foot bubbler. This, like all of HoMedics' products, is built with high-quality craftsmanship and comes backed by our two-year limited

warranty. Bubble Spa Ultra is guaranteed to provide you soothing massage relief for years to come.

HoMedics is dedicated to bringing you better health through innovation. However, you should never substitute this, or any other manufacturer's product, for professional medical attention. Persistent ailments and symptoms could indicate a more serious condition.

IMPORTANT SAFETY INSTRUCTIONS:

When using an electrical appliance, basic precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING

DANGER - To reduce the risk of electric shock:

- Always unplug the appliance from the electrical outlet immediately after using and before cleaning.

WARNING - To reduce the risk of burns, fire, electric shock or injury to persons:

- Close supervision is necessary when this appliance is used by, on or near children, invalids, or disabled persons.
- Do not operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been

dropped or damaged or dropped into water. Return the product to HoMedics Service Center for examination and repair.

- Keep cord away from heated surfaces.
- An appliance should never be left unattended when plugged in. Unplug from outlet when not in use, and before putting on or taking off parts.
- Do not operate under blanket or pillow. Excessive heating can occur and cause fire, electric shock, or injury to persons.
- Do not carry this appliance by supply cord or use cord as a handle.
- Never operate the appliance with the air openings blocked. Keep the air openings free of lint, hair and the like.
- Never drop or insert any object into any opening.
- Use heated surfaces carefully. May cause serious burns. Do not use over insensitive skin areas or in the presence of poor circulation. The unattended use of heat by children or incapacitated persons may be dangerous.
- Do not use outdoors.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- To disconnect, turn all controls to the off position, then remove the plug from outlet.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by HoMedics.

Caution:
In case of pregnancy, diabetes or illness, consult your doctor before using massager.

Caution:
All servicing of this unit must be performed by authorized HoMedics service personnel only.

Note: Heat will only maintain the temperature of water placed inside VibraSpa. It will not heat cold water. For a warm water massage, please fill the unit with warm water.

- Do not attempt to stand on or in your HoMedics foot bath. Use only while seated.
- Connect this appliance to a properly grounded outlet only. See Grounding Instructions.

SAVE THESE INSTRUCTIONS SPECIAL WARNINGS

- Do not reach for an appliance that has fallen into water. Unplug it immediately.

- Always unplug the unit when filling or moving the unit.
- Ensure that your hands are dry when operating the switch or removing the plug.

Grounding Instructions

This product must be grounded. If it should malfunction or breakdown, grounding provides a path of least resistance for the electric current to reduce the risk of electric shock. This product is equipped with a cord having an equipment-grounding conductor and a grounding plug. The plug must be plugged into an appropriate outlet that is properly installed and grounded in accordance with all local codes and ordinances.

DANGER

Improper connection of the equipment-grounding conductor can result in a risk of electric shock. Check with a qualified electrician or serviceman if you are in doubt as to whether the product is properly grounded. Do not modify the plug provided with the product - if it will not fit the outlet, have a proper outlet installed by a qualified electrician.

This product is for use on a nominal 120-volt circuit, and has a grounding plug that looks like the plug illustrated in **Figure A**. A temporary adapter that looks like the adapter illustrated in **Figure B** may be used to connect this plug to a 2-pole receptacle as shown in **Figure D** if a properly grounded outlet is not available. The temporary adapter should be used only until a properly grounded outlet **Figure C** can be installed by a qualified electrician. The green-colored tab extending from the adapter must be connected to a permanent ground such as a properly grounded outlet box cover. Whenever the adapter is used, it must be held in place by a metal screw. **See Figures D and E below.**
